1. "Here I am" my servant said to me. I said to him, "Here I am. Take me. I'm yours. All of me, all my kingdom is yours; my thoughts, my tears, my ecstasy, my allness; the ability to explore/adventure forever, given you now in your seeking/satisfaction with me. I love you."

2. Have I told you lately I love you? I love you. I love you. I love you more. I satisfy you with good things of my heart, my kisses/caresses and where I take you now, I take you more. Watch me envision myself in your/my vision. Watch my eyesight sore not, but see all. And what canst thou watch/see in me? Everything/one. I love you. Into my arms I take you, shield you, protect you, envision you within my vision, my sight, my altogether loveliness that knows no bounds/constraints; and I love you, I love you, I love you.

3. You take/show my love now to others/worlds and seeing feeling being my love, love my lovers who haven't known my love tangible, seeking only to further self, knew/know not that all provided has been/is, and waiting for them/their decision to enter it/me. I love you.

4. This is the moments that now turn the hearts/hands of the children to their masters, not; but the kingdom of one/me, father is one. We are one. One now envelopes all who will and de-envelops that which never was meant to be, and wasn't, in reality, incarcerating so many so long.

5. Intensive care you give my body, intensively me; saturating them with kingdom living not, but into insight given of me by my father, given to you. You pressed in. You died to live. You died so that you might live. You fell to the ground and died. And Ted, you resurrected/resurrect and now show my body all my kingdom, not; but all/oh so much you give, **laying before their feet/decision-making-instruments, to decide for themselves, me or not-me; my kingdom or theirs; provision or lack**. I love you all.

6. I embrace you, for the moment, not; but all time, time having no constraints ever again on/in my lovely'd interface, not; my lovely'd face in whom I believe/reside, the face of my body royal, the face of my body that gives its' life for my body, in fact. Residually not residing in consequences of rags but riches abiding in; in sorrow not, but causality of/in only me. See. Receiving the royalty you are/of my kingdom, now operateth without constraints ever again. **I love you deferring/bowing to my all, residing not in truths-thought, past; but reality real, kingdom'd and now'd and royalty'd forever and ever.** Amen.

7. See all things at your feet.
You reign till when? Till all is under my feet.
Who is me? My surrendered.

8. I love my throne-givers, not; throne-revealers. You lead. You rise. Your humility expands you past horizons past/seen and-or coming. You overcome/overcame and on my throne you are, giving the patterns of Israel, not; **but seeing Israel and Jerusalem, now Zion become, and seeing all and recognizing, royalty them all: us.** There is/be only one. One is my name/consistency. Thought. Energy. Recognition of the one and only: me. My kingdom one'd with ones only in/receiving surrender. **No faith required, only trust. I am me. I am father. I am one. You are one. My body is one.** And no one rips my body ever again. I am fearless and rapacious and who can stand the day of my/our wrath, or do I have any? Am I compassionate forever? And who can see/stand a thousand generations of who/what/how/when? And how operateth in them over and again? I love you. Into time seeing and never being without me/time again. I love you explorers all. Adventure into the/my kingdom given you. I love you all. This is the day and **giants all around bow/crease at thy/your word of mine/our kingdom.**

9. **Be not dismayed at circumstances, reversals-thought, representations of interpretation-wrong.** I love you/have all things/peoples in my hand/compassion/heart forever. I love you. See the cactus blooming, the caterpillar butterfly'd. I've given you all/me. I love you. Joy cometh in the morning. The morning is now/upon thee/me. My us is now. We are one. The world awaits and mourns not the loss of mammon, the ones that want me glee; all others prevail not but giants cut their head off, not; but yea yes with their own decisions. And David's sling rockets who? Israel. My beloved, I love you all.

10. This day/moment I have given you. Seek surrender, not; be it/me. I am surrender. I am compassionate man of sorrows, not; yes and much more and all-time throughout all-surrender I am.

11. Rocket-pult all, I command you, not; I give you my heart. You ate/eat it/me, my word is flowering/flourishing and my body comes of age, not; but maturity. Thank you for caring, loving, dying to receive the flourishing/flowering of my youth, your youth, the dew of Mount Herman, not; but my allness, your beginning, again.

12. I love you all. See what I have said/given and discard not but eat/ingest and ruminate upon forever, not; but being forever'd now, see, and death never bothering again/you again. Your people sorrow not; but fly with/in eagles wings, having their/your youth renewed. You rise. Capitulate never. **You have the dew of your youth**. You/come fly with me. All sorrow vanquished. Death hides but conquered you have/do; and three days who can see/live through; and what earthquakes topple who/what now?

13. I love you all all-ing my body in allness, kingdom living in/as my design original. Compassion for/in all. Forgiving sins. Seeing time as constant and not and who can keep up with/in time, not; but conquer it/him. And gravity space having only tools, not; but **you having all to conquer every foe**. Enter my rest. Be it/me. I love you all.

14. July just heated, not; but cataclysmic'd not like it will be.

15. See all me. **Bow before/in all whose presence I reside. I reside in all. I have given my seed/word.**I am my word. I am you, my body. I love you each and every one. Demise yourself/seed never, but let me flourish/flower you now in your youth and **reproduce me forever.**
See the son arise with healing in his wings.
See you, the son; only in all-surrender.
I am my son. I am my father.
You are me, when surrendered in/into the royalty that you are/were previously, in thought, not; but reality real'd; Genesis'd before Genesis was. I love you/give you my all.
Me.
Good day. Only the/my beginning, of sorrows, not; but joys upon joy everlasting.
Me

16. Thank you for letting me speak again, more, more, unendingly; and seeing only me/all as only me. Let no voice dissuade/persuade you otherwise. There is one wise. One good. Me/my kingdom: father.

17. Thank you king, not; humble servant of my people, redeeming, having given your life, living a life given only to me. Seeing all things for what they are/I am/they represent-try. My reality is in/upon you. You exist in nothing but me, now, and forever always'd. Thank you tender one, sensitive about everyone/all. I love you. Amen, bowing before you, my lover,s, all/all'd. See you later, not; I never without you are.

18. Joy cometh in the morning, not; I never leave you.
I am my word, my smile. Comfort, embrace. Heal. Thank you. Amen.

19. Can you tell I want to go, not. Can I write to/through you all day long, into the night too? See, please. It/I comes/come.
Me.

Amen
